Prayer Revival- The Real Thing?

Very few times in history do we stand in a place where God can bring real revival. 5 prayer walks spanning 100 miles will gain national attention, but -"will we be there and will God be there ?"

Jonesville's March, Sept 23rd

Jonesville, Va and some folks said, We feel we've prayed our whole lives to see this.

The November 4th Prayer March might be just that opportunity to gain the Lord's attention to bring true lasting revival to our community. This is something that you've only read about in books somewhere else in the world, 100 years ago. I attended the prayer march in

WHY MARCH ?

Why should be March?

*If done correctly, these 5 marches could bring revival to our counties, respectively, and be a catalyst to see this revival spread trough our nation.

*The primary reason for the march is the drug epidemic in our region. Virtually every family is affected in some way. Drugs are everyone's problem. But in Clay County Ky, not only did the drug problem turn around, 1,400 new jobs came back to the county, new life to the ground and even the water became pure.

*85% of the residents in Hawkins County don't attend church, but 90% believe in God and believe in prayer. Most of our county would agree that only God could bring change to the ills of our community. This is one of those rare times in history to recruit everyone to be a part.

WHO is Leading This Effort

Dr. Edwin Robertson is leading the effort for the Region out of Harrogate. The Harrogate March will be at Gose Park in New Tazewell at 3pm.

Alice Snodgrass is leading the effort in Hawkins County. See attached flyer. Her contact number for information is **272-6648**

There are also marches in

LaFollette, at the City Hall

Huntsville From old court house to new, and
Middlesboro Ky.

Is Revival a Sure Thing ?

We must refuse to let Satan keep this from being the successful prayer march that will let us see the change we

have been crying out to God for.

We must be willing to cross denominational lines.

We must be willing to join arm in arm and knees bowed next to others.

We must be willing to look to God for change, beyond our opinion of others, beyond personalities, church politics, prejudices, and past conflicts. (An example is that church A won't participate because they broke off from church B)

Did God allow this region to experience this move because He felt He could trust us to do what it takes to see it through- BE A PART !!

Toy Run / With / WRONG DATE

This year's 11 Annual Toy Run is Saturday, November 3rd. There should be a flyer that comes with this.

As hard as we try and with several people proof reading, you can still let something leave

the office and overlook the most obvious thing on the flyer.

THE DATE WAS WRONG.

If you have one up with the wrong date, please change it. The event is on Saturday.

Pastor Vic Young, Pastor of the Biker's Church in Johnson City is helping this year and leading a Johnson City group to come down and enlarge the program.

Christmas for the Children in Permanent Home

After years of moving to different locations, Patsy Hurd's new Christmas program office will be in the back section of Market Place (across from the Shepherd's Center).

We will still interview families in Church Hill at Emergency Services on Tuesdays and Thursdays. 423-357-7228

Rogersville Hours will be Mon-Fri from 10am-3pm.

Phone is 423-272-0772

FOOD DRIVE MONTH

October is food drive month. It is time to look towards the holidays help prepare for extra holiday needs. In addition to the 1,100 monthly families served, last year, we provided 1,350 Christmas boxes and served 416 hot meals that were delivered to shut-in's on Christmas day.

Food costs are up. Through federal cutbacks, one of the primary funding sources for our food program was cut to an all time low. Call Debby Tapp 423-921-8044

Volunteers Needed in Rogersville
